PETITION TO ACCEPT COLOR PHOTOGRAPHS
UNDER 37 C.F.R. § 1.84(a)(2)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants submit three (3) copies of the color photographs (submitted concurrently with all of the formal drawings) which comprise Figures 3A-G, , Figure 8A-H and 9A-L of the drawings, in compliance with the provisions of 37 C.F.R. § 1.84(a)(2). Also included is the requisite petition fee set forth in 37 C.F.R. §1.17(h). In view of the interim waiver that black and white photocopies of the color drawings are no longer necessary, no black and white photocopies of the color photographs are being submitted. It is believed that color drawings are necessary to accurately and completely show the immunofluorescence staining of cells, which immunofluorescence is shown in various colors to represent differential staining. These photographs show the actual experimental results which are in color and are not graphic drawings which can be shown in black and white.
